1. An examiner's amendment has been entered as follows:

On page 1 of the specification, in line 4 as written:

Replace "allowed." with -- U.S. Patent 6,283,373.—

2. Applicant's request for continued examination filed June 1, 2004 has been entered. Applicant's amendment of July 2, 2004 as been entered. Claims 18 and 19 have been cancelled. Claims 8-17 remain pending and are now allowed as applicant's arguments and amendments to the independent claims 8, 11 and 16 are deemed persuasive to overcome the previous rejection. Specifically, the prior art of record fails to teach or fairly suggest to one of ordinary skill in the art the externally mounted, separately housed lighting device as now claimed.
